

Edition 2017/2018

Rankings by BC-Index®

Communicability and information availability on a University homepage (English version)

**Country rankings
with universities with the most accessible information**

Evaluation of availability of information was conducted in following categories:

- General information, university description;
- Campuses - amenities and capabilities;
- Information for university community;
- Academic information (learning);
- Academic information (research);
- Communication possibilities.

The country BC-index was defined as the average value of the BC-indexes of the universities of this country, ranked in this edition.

Rank	Country	BC-Index average	Class average
